Schedule No. 1030

AGRICULTURAL PUMPING SERVICE

SPECIAL CONDITIONS

1. Service under this schedule will be available on a twelve month basis.
2. The annual hp charge applies to service rendered during the five month irrigation season, beginning May 1 and ending September 30 of each year. However, the total annual hp charge will be applied to the billing for the first metered usage commencing January 1 of each year.
3. The hp charge will be based on the largest load that may be connected at any one time, but not less than 5 hp.
