LMUD ELECTRIC LOAD PLANNING SHEET

NOTE: Single Family Residential Application Requires a Site Plan.
NOTE: General, Multi-Family Residential, Commercial, Industrial or Agricultural Application Requires Complete Set of Construction and Electricial Plans.

Project / Owner: _____

Location: _____ City: _____

Parcel Number: _____

Name of Person (Firm) Completing Form: _____

Mailing Address: _____City _____ Zip _____

Telephone Number: _____ Cell Number: _____

Proposed In-Service Date: _____

Installation Desired : ◯ Overhead ◯ Underground

Type of Service Desired:

◯ Residential (400amp or less) ◯ General ◯ Commercial ◯ Agricultural ◯ Industrial

Number of Meters at Service Location: _____

Main Panel Size: _____AMPS Phase: ◯ 1Ø ◯ 3Ø Requested Voltage:_____

Building Sq. Ft.:_____ Hours of Business Operation: Per Day: _____ Per Week: _____

Electric Load Information: (Connected Loads)

	kW		Quantity	Size	
Lighting	_____	Single Phase Air Cond.	_____	_____	Tons
Receptacles	_____	Three Phase Air Cond.	_____	_____	Tons
Water Heating	_____	Single Phase Heat Pumps	_____	_____	Total HP
Dryer	_____	Three Phase Heat Pumps	_____	_____	Total HP
Cooking	_____	Single Phase Motors	_____	_____	Total HP
Space Heaters	_____	Three Phase Motors	_____	_____	Total HP
X-Ray (Input)*	_____	Single Largest Motor 1Ø		_____	HP
Welders (Input)*	_____	Single Largest Motor 3Ø		_____	HP
Other	_____				

Total Connected Load: _____kW Estimated Peak Demand: _____kW

* More Information may be Requested on These Items

- In order to avoid undue damages to the Customer's or LMUD's equipment, the Customer should advise LMUD, in writing, at least 45 working days prior to any additions which will materially increase the demand caused by load increases.

Signature of Owner or Corporate Officer (required)_____ Date_____
